

## How to Locate Instructor Feedback

In addition to the rubric your instructor fills out for each discussion board, journal, and assignment, there is also a section where they leave personalized feedback. It's important to review these comments because they offer important insight from your instructor.

**Step 1:** After accessing your class, along the left-hand side of the screen, select "My Grades."

**Step 2:** On the next screen, select "All" or "Graded."

**Step 3:** Navigate to the assignment you are looking for. If a grade has been posted, you will see that in large black font. If feedback is available, there will be a blue word bubble you can click on to view your instructor's comments.
